Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Monday 22 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry. Sunshine south and east. North cloudy, patchy rain.

Today:
Most places staying dry but the sunshine will be mostly over south and east Scotland. Thicker cloud over northwest Scotland and Northern Isles will produce a little light rain. Less cold with westerly winds becoming strong in the north.

Tonight:
Most places staying dry and it will be rather cloudy. Still some drizzly showers in Northwest and Northern Isles. Not as cold as last night.

Tuesday:
Mainly dry and rather cloudy with some brighter interludes mostly in the east. Patchy light rain affecting parts of north and west Scotland. Fresh northwest winds, strong in the north.

Outlook for Wednesday to Friday:
Sunshine on Wednesday and Thursday with showers, mainly in north, wintry on high ground. Also windy and turning colder. Cloudy on Friday with rain and hill snow.
